Developing Biblically Focused Kids in an Unbiblical World

Instructor: Maureen Berger, Local Director CEF

Content: Children are bombarded with many beliefs today. Do you know what those beliefs are? More importantly do you know how to be intentional about instilling a biblical worldview in children? This course will explore these topics and encourage you to work and teach with the Holy Spirit to see Biblically Focused Kids.

Reaching Today's Child Through Sports Ministries in Your Church

Instructor: Dave Hammond, Pastor to Kids, Calvary EFC

Content: Sports ministry is a culturally relevant way to speak the language of today's child. There is no better way to keep Christian kids interested in their church and bring unchurched kids into a church than through sports ministry. Sports ministry has a unique way of meeting physical, social, emotional, as well as spiritual needs in children, and it involves a lot of parents who are often uninvolved in your church.

Pre-Teen Ministry

Instructor: Kristy Kratky, Children's Director, Maple Grove EFC

Content: Research shows that the preteen years are the 2nd most important developmental stage of life, but experience tells us that many of these kids are slipping through the cracks in our churches. Come and find out how to better understand and more effectively minister to this amazingly special group. You'll leave inspired, encouraged and with a bunch of creative ideas.
